

LEARN TO COPE offers:

- **Weekly meetings** where our members share experiences, resources and strategies from their own journeys as they help their loved ones to treatment and recovery from opiates and other drugs.
- **A private, 24/7 online discussion board.**
- **Guest speakers** including individuals in long term recovery and addiction professionals.
- **Training in overdose prevention and the administration of nasal Narcan**, a drug that reverses potentially fatal overdoses, keeping the hope of recovery alive for many families.
- **Educational programs and speaking events** at health fairs, schools and community organizations.

Times and locations are subject to change. Please visit the "Meetings" section on www.learn2cope.org for the latest information, or call 508-738-5148 with any questions.

A peer-led support network for families dealing with addiction and recovery
